

PROJECT NAME	Transport and transformation of terrestrial materials in the Kaoping coastal zone in Taiwan.
ACRONYM	Transport and transformation of terrestrial materials in the Kaoping coastal zone in Taiwan.
STUDY REGION	Taiwan
PRINCIPAL INVESTIGATOR	Dr. Jia-Jang Hung
DURATION	August 1, 2005 - July 31, 2009
PROJECT WEBSITE	-

PROJECT DESCRIPTION

To understand biogeochemical transformation of terrestrial materials and assess carbon sources and sinks in the Kaoping coastal zone.

THE PROJECT RELATES TO THE FOLLOWING PRIORITY TOPICS AND SCIENTIFIC THEMES

Priority Topics:

2 - Assess and predict impact of environmental change on coastal ecosystems

Scientific Themes:

4 - Biogeochemical Cycles in Coastal and Shelf Waters
