

ASCLME reports

Reports included in the folder set are the latest versions received by the ASCLME Project as of January 2013.

Where numbering is used in the file name, numbers correspond to the numbers used in the TDA.

Reports include

- **The TDA** – The pre-print final proof of the ASCLME-SWIOFP Transboundary Diagnostic Analysis. Ten Appendices are also included.
- **TDA supporting documents** – documents used in preparation of the TDA, numbered as referred to in the TDA document. Only ASCLME reports are included here, for some SWIOFP reports please refer to their website.
- **Coastal Livelihoods Assessments**
- **Cost-benefit Analyses**
- **Cruise reports** - Cruise reports may still have tracked changes even though these are the final versions circulated by the cruise leader at the end of each research cruise.
- **National MEDAs** – DRAFT national MEDAs are included here, pending final country acceptance of the print versions. Each country folder also includes between 8 and 15 Annexes to each of the MEDAs. Many of the Annexes are working documents and should be read as such.
- **Policy and Governance reports**
