This is an amendment to the Request for Proposals for the following consulting services: ***Technical Expert to implement the Regional Solid Waste Management Initiative***, which was issued by SPREP on 22 July 2010.

The following are the specific revisions to the Request for Proposals.

Section 5. Terms of Reference

28. This assignment should ideally be undertaken by a Consultant meeting the following requirements:

[All remaining text of Paragraph 28 remains the same]

29 The successful Consultant is expected to reside in Samoa for the contract period and should be able to travel to other Pacific Island Countries and Territories as required by project activities. Where multiple professional staff are proposed in the Technical Proposal as part of a team, at least one (1) professional staff, preferably the Team Leader, should be resident in Samoa for the Contract duration.

All other terms and conditions of this Request for Proposals remain in full force and effect.
