

## The Regional Training Workshop Economic Valuation of the Goods and Services of Coastal Habitats March 24 – 28, 2008

Samut Songkram Province, Thailand

## Schedule for the Regional Training Workshop Ban Tai-Had Resort, Samut Songkram Provice, Thailand

10.00-19.00	Sunday, 23 <sup>rd</sup>	March 2008		
Registration and orientation	10.00-19.00		CAER team	
Monday, 24th March 2008  08.30-08.45 Opening remarks: the intended outputs and outcomes from the training course  08.45-09.00 09.00-09.30 Introduction to the regional training course on economic valuation 09.00-09.30 Introduction to the goods and services of coastal wetland habitats 10.45-12.00 Coastal resource management challenges: why estimate ecosystem value (Case example: Valuing the impacts of land-based pollution on coastal habitats - RTF-F framework) Lunch 13.00-14.15 Linkages between ecology and economy: ecological functions and economic values 14.15-15.15 Overview of economic valuation: value classification and valuation methods Economic valuation for policy development: types of value and policy application 18.00 Dinner at Ban Tai Had Resort 19.00-21.00 Participant presentations on home countries: participants should bring the programme of actions and strategy in habitat management in their home countries and the data collected at the site level to the training course.  Tuesday, 25th March 2008 08.30-09.00 Questions and recap 09.00-10.30 Economic concepts underlying valuation 13.00-14.30 Economic valuation based on direct market: key concepts, methodological steps, data requirement, limitations - Market based value - Productivity method - Preventive expenditure - Replacement cost 14.30-14.45 Group work and exercise on economic valuation: applying the concepts, tools, and methods to hypothetical case study Visit at Chula Manee Temple and Baan Bencharong (name of Thai porcelain with designs in five colours) Dinner at Chaw Lay restaurant	19.00-20.00	Welcome dinner		
08.30-08.45 Opening remarks: the intended outputs and outcomes from the training course 08.45-09.00 Welcome address 09.00-09.30 Introduction to the regional training course on economic valuation 09.00-09.30 Introduction to the goods and services of coastal wetland habitats 10.30-10.45 Break 10.45-12.00 Coastal resource management challenges: why estimate ecosystem value (Case example: Valuing the impacts of land-based pollution on coastal habitats - RTF-F framework) 12.00-13.00 Lunch 13.00-14.15 Coverview of economic valuation: value classification and valuation methods 15.15-15.30 Break 15.30-16.30 Economic valuation for policy development: types of value and policy application 18.00 Dinner at Ban Tai Had Resort 19.00-21.00 Participant presentations on home counties: participants should bring the programme of actions and strategy in habitat management in their home countries and the data collected at the site level to the training course.  Tuesday, 25th March 2008 08.30-09.00 Questions and recap 09.00-10.30 Economic tools for use in coastal management decision making: Cost-Benefit Analysis and its application 12.00-13.00 Lunch 13.00-14.30 Economic valuation based on direct market: key concepts, methodological steps, data requirement, limitations - Market based value - Productivity method - Preventive expenditure - Replacement cost 14.30-14.45 Break 14.45-16.30 Group work and exercise on economic valuation: applying the concepts, tools, and methods to hypothetical case study Visit at Chula Manee Temple and Baan Bencharong (name of Thai porcelain with designs in five colours) Dinner at Chaw Lay restaurant	20.00	Registration and orientation	1	
training course  Welcome address  09.00-09.30 Introduction to the regional training course on economic valuation  93.0-10.30 Introduction to the goods and services of coastal wetland habitats  10.30-10.45 Break  10.45-12.00 Coastal resource management challenges: why estimate ecosystem value (Case example: Valuing the impacts of land-based pollution on coastal habitats - RTF-F framework)  12.00-13.00 Lunch  13.00-14.15 Linkages between ecology and economy: ecological functions and economic values  14.15-15.15 Overview of economic valuation: value classification and valuation methods  15.15-15.30 Break  15.30-16.30 Economic valuation for policy development: types of value and policy application  19.00-21.00 Participant presentations on home counties: participants should bring the programme of actions and strategy in habitat management in their home countries and the data collected at the site level to the training course.  Tuesday, 25th March 2008  08.30-09.00  09.00-10.30 Economic concepts underlying valuation  10.30-1045 Break  10.45-12.00 Economic colos for use in coastal management decision making:  Cost-Benefit Analysis and its application  12.00-13.00 Lunch  13.00-14.30 Economic valuation based on direct market: key concepts, methodological steps, data requirement, limitations  - Market based value  - Productivity method  - Preventive expenditure  - Replacement cost  14.30-14.45 Break  14.45-16.30 Group work and exercise on economic valuation: applying the concepts, tools, and methods to hypothetical case study  Visit at Chula Manee Temple and Baan Bencharong (name of Thai porcelain with designs in five colours)  Dinner at Chaw Lay restaurant	Monday, 24 <sup>th</sup> March 2008			
08.45-09.00 Welcome address 09.00-09.30 Introduction to the regional training course on economic valuation 09.00-09.30 Introduction to the goods and services of coastal wetland habitats 10.30-10.45 Break 10.45-12.00 Coastal resource management challenges: why estimate ecosystem value (Case example: Valuing the impacts of land-based pollution on coastal habitats - RTF-F framework) 12.00-13.00 Lunch 13.00-14.15 Coverview of economic valuation: value classification and economic values of economic valuation revolues of economic valuation revolues of policy application 15.15-15.30 Break 15.30-16.30 Economic valuation for policy development: types of value and policy application 18.00 Dinner at Ban Tai Had Resort 19.00-21.00 Participant presentations on home counties: participants should bring the programme of actions and strategy in habitat management in their home countries and the data collected at the site level to the training course.  Tuesday, 25 <sup>th</sup> March 2008 83.00-09.00 Questions and recap 09.00-10.30 Economic concepts underlying valuation 10.30-145 Break 10.45-12.00 Economic tools for use in coastal management decision making: Cost-Benefit Analysis and its application 12.00-13.00 Lunch 13.00-14.30 Economic valuation based on direct market: key concepts, methodological steps, data requirement, limitations - Market based value - Productivity method - Preventive expenditure - Replacement cost  14.30-14.45 Break 14.45-16.30 Group work and exercise on economic valuation: applying the concepts, tools, and methods to hypothetical case study Visit at Chula Manee Temple and Baan Bencharong (name of Thai porcelain with designs in five colours) Dinner at Chaw Lay restaurant	08.30-08.45	Opening remarks: the intended outputs and outcomes from the	Pemetta	
O9.00-09.30   Introduction to the regional training course on economic valuation   Penporm				
10.30-10.30   Introduction to the goods and services of coastal wetland habitats   10.30-10.45   Break     10.45-12.00   Coastal resource management challenges: why estimate ecosystem value (Case example: Valuing the impacts of land-based pollution on coastal habitats - RTF-F framework)     12.00-13.00   Lunch       13.00-14.15   Linkages between ecology and economy: ecological functions and economic values   Penporn     14.15-15.15   Overview of economic valuation: value classification and valuation methods     15.15-15.30   Break   Penporn     15.30-16.30   Economic valuation for policy development: types of value and policy application     18.00   Dinner at Ban Tai Had Resort     19.00-21.00   Participant presentations on home countries: participants should bring the programme of actions and strategy in habitat management in their home countries and the data collected at the site level to the training course.     Tuesday, 25th March 2008   Penporn/team     08.30-09.00   Questions and recap   Penporn/team     09.00-10.30   Economic concepts underlying valuation   Penporn     10.30-14.50   Economic tools for use in coastal management decision making: Cost-Benefit Analysis and its application     12.00-13.00   Lunch   Economic valuation based on direct market: key concepts, methodological steps, data requirement, limitations   Market based value   Productivity method   Preventive expenditure   Replacement cost   Preventive expenditure   Preventive	08.45-09.00		Faculty Dean, KU

## The Regional Training Workshop Economic Valuation of the Goods and Services of Coastal Habitats March 24 – 28, 2008 Samut Songkram Province, Thailand

Wednesday,	26 <sup>th</sup> March 2008		
08.30-09.00	Questions and recap	Penporn/team	
09.00-10.30	Economic valuation based on surrogate market: - Travel cost - Hedonic price methods	Wallapak	
10.30-10.45	Break		
10.45-12.00	Group work: hands on exercise on travel cost method	Wallapak	
12.00-13.00	Lunch		
13.00-14.30	Economic valuation based on hypothetical market: key concepts, methodological steps, data requirement, limitations - Contingent valuation method - Attribute based method	Khalid	
14.30-15.45	Group work: hands on exercise on contingent valuation method (break provided)	Khalid	
15.45-16.45	Other valuation methods: key concepts, methodological steps, data requirement, limitations - Benefit transfer	Khalid	
16.45-17.15	- Participatory environmental valuation	Penporn	
18.00	Dinner at Ban Tai Had resort		
19.00-21.00	Guest lectures on the policy and management implications of economic valuation of coastal habitats as invited	CAER	
	th March 2008		
08.15-09.00	Introduction to the case study	Suwanna/Penporn	
09.00	Travel to the case study villages	Nuchanata/team	
09.30-10.00	Meeting with local officials and community leaders		
10. 00-13.00	Site visit and interview with local villagers at Klongkon sub- district		
13.00-14.00	Lunch		
14.00-16.00	Site visit and interview with local villagers at Yeesan sub-district		
16.00	Back to Baan-Taihad Resort.		
18.00-19.00	Dinner at Baan-Taihad Resort		
Evening	Group work on analysis and presentation preparation	Suwana/team	
Friday, 28 <sup>th</sup> N	March 2008		
08.15-10.15	Presentation of group work		
10.15-10.30	Break		
10. 30-12.00	Preparation of programs and strategic plan for 'echo seminars'		
12.00-14.00	Lunch		
14.00-16.00	Presentation of program and strategic plan for 'echo seminars' by country representative (break provided)		
16.00-16.30	Discussion and wrap up	Penporn /team	
16.30-17.00	Closing remarks	CAER director	
17.00-20.00	Boat trip along Mae Klong River (visit Amphawa Floating		
	marketing and see the Fireflies)		
	Dinner party		
Saturday, 29th March 2008			
	Departure of participants
